Job Description

Join our team as a Data Analyst and become a key contributor in shaping the future of our business! Reporting directly to the Manager, Analytics, you'll dive deep into critical business areas, uncovering insights that drive impactful decisions. Your analyses will be instrumental in assessing and enhancing the success of our strategic initiatives. But that's not all! You'll collaborate with dynamic cross-functional teams, ensuring smooth communication and synergy as we implement transformative strategies. If you're passionate about turning data into actionable insights and thrive in a collaborative environment, this is the perfect opportunity for you.

What you will be responsible for:

- Analyzing and reporting key business metrics to evaluate strategy success.
- Providing insights for strategic improvements.
- Working with various teams to ensure strategy adjustments are communicated effectively.
- Using data to drive continuous improvement.
- Building data models and providing summary statistics using analytics tools.
- Learning and using BI software for reporting and visualizations.
- Supporting business information needs through collaboration.
- Clearly presenting summary outputs to all organizational levels.

Essential Qualifications:

- Bachelor's degree in Mathematics, Business, Statistics, Technology, or equivalent experience.
- 2+ years of experience as a Data Analyst or Business Data Analyst with large data sets.
- Strong knowledge of and experience with Power Query and Power BI.
- Intermediate to Advanced Excel skills.
- Intermediate level Python or R.
- Intermediate level SQL.
- Proficiency in cleaning, compiling, and mining large data sets, and creating reports.
- Strong critical thinking and analytical skills to organize and understand complex data.
- Adept at creating queries, reporting, summarizing and presenting findings.
- Strong attention to detail.
- Ability to communicate analytic results in a clear and concise manner.
- Excellent collaboration and communication skills.
- Quick learner, passionate about continuous learning and improvement, consistently seeking ways to streamline and automate their tasks

Preferred Qualifications:

- Master's degree in Analytics.

Benefits & Perks:

- Comprehensive Benefit Plan
- Competitive Vacation Policy
- Regular company fun events
- StarTech.com Product Discount

About us

We are in the business of human-centered experiences starting with yours. We believe delivering on our promise of "hard-to-find, made easy" begins with an employee experience founded in opportunity, teamwork, empowerment, and curious minds always asking what if. Not only does our commitment to the exceptional deepen relationships with our partners and customers, it also ignites connection within our team.

Born and raised in London, Ontario, Canada and now taking on the world, we are a vibrant and growing tech company with a proven track-record of success. StarTech.com makes it easy for IT professionals around the globe to identify, find, get and use the hard-to-find connectivity parts they need to enable and enhance their technology solutions.

Operating in 26 countries globally, we are proud to be included as one of Canada's Best Managed Companies for 2024 and for the 14th consecutive year. In 2022, StarTech.com was proud to be included in Financial Post's FP500, a ranking of Canada's largest corporations based on revenue. We are honoured to be named by Kincentric in 2019 as one of Canada's "Best Employers" as well as "one of Canada's fastest growing companies" for a ninth year in a row by "Profit 500".

*StarTech.com is an **Equal Opportunity Employer**. In accordance with the Accessibility for Ontarians with Disabilities Act, 2005 and the Ontario Human Rights Code, StarTech.com will provide accommodations throughout the recruitment, selection and/or assessment process to applicants with disabilities. If selected to participate in the recruitment, selection and/or assessment process, please inform Human Resources of the nature of any accommodation(s) that you may require in respect of any materials or processes used to ensure your equal participation.*
