Job Description

We are looking for a Data Analyst to join our Cloud Software & Services team. In this role, you will be responsible for contributing to the delivery of new cloud software products for Ericsson.

What you will do:

- Work closely with other team members to 'digitize' & 'automate' various reports (i.e. financial/progress tracking/planning etc.)
- Gather requirements from team-members to design and implement various data dashboards, templates, KPI scorecards
- Evaluate and improve existing reports/visualization
- Create & maintain internal team data repositories

The skills you bring:

- Bachelors in Business, IT, Engineering or Commerce from a recognized university
- Skilled in at least 3 of the following: MS Excel, Power BI or other data visualization tools, SAP, Power Query, Alteryx, Python, Robotic Process Automation, Power Apps, Statistical Analysis tools like Minitab
- Working knowledge of scripting/programming and/or AI/ML
- Experience in Data management and analytics
- Excellent Communication Skills (written, verbal) and Critical Thinking abilities

Why join Ericsson?

At Ericsson, you'll have an outstanding opportunity. The chance to use your skills and imagination to push the boundaries of what's possible. To build solutions never seen before to some of the world's toughest problems. You'll be challenged, but you won't be alone. You'll be joining a team of diverse innovators, all driven to go beyond the status quo to craft what comes next.
