As a part of Magnet Forensics, you can expect to make a difference in the world, no matter what role you play. What You Will Accomplish

- Participate in development of comprehensive digital marketing plans that drive demand for beta products
- Coordinate activities in digital marketing channels, including paid search/SEM, SEO, paid social, display advertising and email marketing
- Create, manage and automate email campaigns
- Stay up to date on current best practices for digital marketing
- Coordinate Magnet Idea Lab marketing activities

What We Are Looking For

We're looking for someone who checks off most, but not all, of the boxes. It's more important to us to find a candidate who can display **indicators of success** through skills they have developed and experience they have been a part of, than to find folks who have "been there, done that". We want to be a part of your development journey, and we'll learn as much from you as you learn from us.

There are a couple must haves, but we will keep that list short:

- Working towards a post-secondary degree or diploma in Business Administration with a focus or interest in Marketing, or relevant experience
- Working towards MBA an asset
- Experience working with Wordpress, Google Analytics and Mailchimp
- Demonstrated ability to solve problems with innovative and creative solutions
- Experience writing and creating content in a professional setting

The Most Important Thing

We're looking for candidates that can provide examples of how they have demonstrated Magnet **CODE** in their previous experiences:

CARE – We care about each other and our mission to make a difference in the world.

OWN – We are accountable for our results – while never forgetting to act with integrity, empathy, and respect.

DEDICATE – We put our heart and soul into meeting the needs of our customers and helping them serve the people they protect.

EVOLVE – We are constantly innovating and exploring new ways to work together to make an impact with our work.

We're committed to continuous learning and are focused on building a diverse and inclusive workforce. This commitment will be reflected in our hiring processes and embedded in our values and how we treat one another. If you're interested in this role, but do not meet all of the qualifications listed above, we encourage you to apply anyways. Magnet Forensics is an Equal Opportunity Employer and considers applicants for employment without regard to race, colour, religion, sex, orientation, national origin, age, disability, genetics or any other basis forbidden under federal, provincial, or local law.

We are committed to providing an inclusive, accessible recruitment process and work environment. Accommodation is available to all applicants upon request throughout the hiring process. If you require accommodation, please let our talent team know, or you can email aoda@magnetforensics.com.

All offers of employment at Magnet are contingent upon satisfactory completion of a background check. All background checks will be conducted in accordance with all applicable laws. Magnet will consider each position's job duties, among other factors, in determining what constitutes satisfactory completion of the background check. Refusal to consent to a background check may be grounds for revoking an offer of employment.
