Job Description

We are looking for an awesome Product Manager who will be a key part of the SWTCH team. You will play a pivotal role in defining, developing, and delivering innovative product features that enhance the user experience and drive business growth. You will work closely with cross-functional teams to bring new features to life and ensure our products meet the evolving needs of our internal users, customers and partners.

Key Responsibilities:

- Develop a clear understanding of the needs of our users to identify product improvements to our EV charging platform and EV driver mobile app
- Maintain and manage a product backlog: define and prioritize product features based on customer needs, market trends, and business priorities
- Create clear, concise, and actionable user stories: work closely with the development team to ensure that the product is built to specifications and that it meets the defined acceptance criteria
- Monitor and track key performance indicators (KPIs) and user metrics to measure the success of product features and iterate as necessary
- Be the subject matter expert on the product: you will be the go-to for Sales and Marketing teams for product positioning, product demos and go-to-market strategies
- Stay informed about industry trends, competitive landscape, and customer needs

Requirements

- 3+ years' experience in product or related role
- Bachelor's degree in business, computer science, or engineering
- Strong understanding of the product development lifecycle and agile methodologies
- Excellent written and verbal communication skills
- Ability to prioritize tasks and manage time effectively in a fast-paced environment
- Strong decision-making and problem-solving abilities
- Passion for creating user-centric products
- Ability to work independently and take ownership of product success
- Experience in renewable industry is an asset

Benefits

- **Business Impact** - As a core member of the team, you have the opportunity to take a lead role and make a significant impact on the culture and values of the company
- **Environmental Impact** - We are a clean energy company with a mission to reduce carbon emissions globally to ensure a clean and sustainable future
- **Diversity** - People develop their talents and skills in different ways. We value different paths and experiences. If you think you meet the qualifications we are seeking, take a chance and express *SWTCH does not offer employment to prospects without first ensuring that qualified candidates speak directly with the hiring manager and a member of our P&C team. All qualifications will be done face-to-face, whether that is in person or over Google Meet. SWTCH does not send out offers of employment without meeting candidates and does not offer employment via text. If you are contacted for any personal information via text and/or without having met a member of our hiring team in person, please disregard. SWTCH Energy is an equal opportunity employer, all qualified applicants will receive consideration for employment without regard to age, race, color, religion, sex including sexual orientation and gender identity, national origin, disability, protected veteran status, or any other characteristic protected by applicable laws. Accommodations are available on request for candidates taking part in all aspects of the selection process.*
