### Job Description

---

#### About the job

Join our energetic team as a Full Stack Ruby on Rails Developer and play a key role in crafting a positive user experience for SkyPrep. We're a growing company offering high-growth opportunities and a collaborative work environment.

#### Responsibilities:

- Reporting to the lead developer and project manager. Working on maintaining and enhancing our platform.
- Must know Ruby, Rails, JavaScript, jQuery, HTML, CSS3 - Vue.js is a bonus
- Understanding of MySQL
- Able to adequately provide time estimates on day-to-day tasks or projects
- Knowledge of common browser debugging tools
- Understanding of OAuth, Git, Amazon AWS

#### What we would like to see from you:

- Strong dev skills or willing to learn them. The ideal candidate should have great communication skills, and enjoy working in a team environment. You would need to know several language frameworks and quickly pick up new ones.

#### Qualifications:

- Hands-on experience in software development
- Exceptional communication skills
- Comfortable in highly collaborative, startup environments
- Remote work experience
- Submit a portfolio with your application

#### Perks:

- Competitive salary
- Health benefits package
- High-growth opportunities
- Team lunches and monthly events
