### **About Clutch:**

We're on a mission to reinvent the way people buy, sell, and own cars. Are you game?

Clutch is Canada's largest online used car retailer, delivering a seamless, hassle-free car-buying experience to drivers everywhere. Customers can browse hundreds of cars from the comfort of their home, get the right one delivered to their door, and enjoy peace of mind with our 10-Day Money-Back Guarantee... and that's just the beginning.

Named two years in a row to the Globe & Mail's list of the Top Growing Companies in Canada and also awarded a spot on LinkedIn's Top Canadian Startups list, we're looking to add curious, hard-working, and driven individuals to our growing team.

Headquartered in Toronto, Clutch was founded in 2017 and currently services British Columbia, Alberta, Saskatchewan, Ontario, New Brunswick, Nova Scotia, and Prince Edward Island. Clutch is backed by a number of world-class investors, including Canaan, BrandProject, Real Ventures, D1 Capital, and Upper90. To learn more, visit [clutch.ca](http://clutch.ca).

### **About the role:**

Clutch is looking for a **Senior Data Analyst** to join our Sell-to-Clutch (STC) Team! The STC team is responsible for sourcing Clutch inventory for both retail and wholesale channels. As a Senior Data Analyst at Clutch, you will work alongside product, engineering, pricing, and operations to better understand our products, customers, and business processes. You will help us identify opportunities/insights, and make data-driven recommendations to scale the STC business.

### **What you'll do:**

- Develop metrics and dashboards to focus the team on critical KPIs and help make data-driven decisions
- Use data to drive insights into various parts of Clutch's business, from funnel conversion to inventory acquisition
- Manage pricing models that dictate pricing spread and acquisition volumes across all vehicle segments (Year, Make, Model, Mileage, Price Point, etc.)
- Improve analytics quality and efficiency
- Become a domain expert in automotive retail
- This is a full-time on-site position - you will be splitting your time between our Etobicoke production facility at 223 Evans Avenue and downtown HQ at 60 Adelaide Street East

### **What we're looking for:**

- At least 2+ years of experience in data, reporting, or analytics.
- Proficiency in SQL and data visualization tools such as Metabase and Tableau
- Strong written and verbal communication skills to influence non-technical audiences with analytical insights
- Comfort working on ambiguous problems with large and complex datasets
- Self-starter and ability to dig deep into a problem area

### **It'd be great if you have:**

- Product analytics experience
- Pricing Experience
- Providing data strategies and insights at a data-driven tech company
- A/B testing

### **Why you'll love it at Clutch:**

- Autonomy & ownership -- create your own path, and own your work
- Competitive compensation and equity incentives!
- Health & dental benefits

Clutch is committed to fostering an inclusive workplace where all individuals have an opportunity to succeed. If you require accommodation at any stage of the interview process, please email [talent@clutch.ca](mailto:talent@clutch.ca).
