Job Description

The world of payment processing is rapidly evolving, and businesses are looking for loyal and strategic partners to help them grow.

WE ARE NUVEI. Nuvei (NASDAQ: NVEI) (TSX: NVEI) the Canadian fintech company accelerating the business of clients around the world. Nuvei's modular, flexible and scalable technology allows leading companies to accept next-gen payments, offer all payout options and benefit from card issuing, banking, risk and fraud management services. Connecting businesses to their customers in more than 200 markets, with local acquiring in 47 markets, 150 currencies and 586 alternative payment methods, Nuvei provides the technology and insights for customers and partners to succeed locally and globally with one integration.

At Nuvei, we live our core values, and we thrive on solving complex problems. We're dedicated to continually improving our product and providing relentless customer service. We are always looking for exceptional talent to join us on the journey!

Our North American engineering team is looking for a highly skilled and passionate Software Developer who will be responsible for the design, construction, integration, testing, verification and maintenance of the Nuvei software products. The individual must be forward-thinking and share in a common vision of quality, integrity and efficiency.

Main Duties / Responsibilities

- Develop and provide support for features in an existing system based on the Microsoft stack while striving to improve performance and availability
- Work with fellow developers and database administrators to design, implement and maintain working programs and new, innovative software solutions
- Perform appropriate tests of applications to ensure programs fulfill agreed-upon requirements
- Document and deploy developed programs
- Any other tasks as assigned

Functional Proficiencies

- 4+ years' practical experience in a development environment with Microsoft Technology.
- Excellent knowledge of C# and Microsoft .NET
- Hands-on knowledge of the Microsoft development technology and tools: C#, ASP.Net Core, ASP.Net MVC, Visual Studio 2022.
- Good understanding of modern software architecture (N-tier , Clean Architecture)
- Good understanding of Web technologies, modern UI frameworks (e.g. React), and UI/UX principles.
- Relational database concepts and SQL (Oracle, MySQL, SQL Server, etc.)
- Working knowledge of source control (Git, etc)
- High initiative, self-motivation and drive to exceed expectations.
- Ability to work independently as well as in a team-based environment.
- Proficiency in both oral and written communication.

Nice To Have

- Docker, Kubernetes
- Experience with Linux and Unix-Like systems
- Understanding of Microservices and Event Driven Design
- Understanding of Test-Driven and Object-Oriented Design
- Experience with NoSQL databases
- Knowledge of multi-tier development and separation of concerns
- Knowledge of modern design patterns
- Experience with RESTful Web service and API development
- Working knowledge of T-SQL (SQL Server)
- Agile methodologies
- Payment Industry experience

Benefits

Nuvei offers a wide variety of benefits which include Medical, Dental, Vision, LTD, Paid time off, RRSP and more.

Nuvei perks also include:

- Frequent training programs on new systems and platforms.
- Free Virtual yoga, meditation and fitness classes, community involvement, and many social activities.
- Group Private Medical Insurance
- Up to 2.5 additional days of annual leave a quarter, if company hit quarterly targets
- Employee recognition program and possibilities for advancement in various fields.
- Modern, dynamic and great work environment.

Nuvei is an equal-opportunity employer that celebrates collaboration and innovation and is committed to developing a diverse and inclusive workplace. The team at Nuvei is comprised of a wealth of talent, skill, and ambition. We believe that employees are happiest when they're empowered to be their true, authentic selves. *So, please come as you are. We can't wait to meet you.*
