Job Description

Fullscript is making optimal care easy for everyone. Through our care delivery platform, health practitioners can seamlessly design personalized health plans, provide support and education tools, and effortlessly prescribe and manage the use of healthcare's best supplements — all in one place. Since 2011, Fullscript has enabled over 90,000 practitioners to deliver care and has helped more than 5.5 MIL patients follow a path to wellness. And we are just getting started.

Come build a healthier future with us.

The Role: As a Staff Designer on our Practitioner Experience team, you will leverage your expertise in visual and interface design to elevate our platforms. This is an individual contributor role where your skills will directly influence the design and functionality of critical health technology tools, enhancing user engagement and satisfaction across diverse product divisions.

What you'll do:

- **Drive Design Innovation:** Implement high-quality design solutions from the initial concept to the final output, focusing on creating intuitive and aesthetically pleasing interfaces.
- **Mentorship and Leadership:** Though not managing directly, your role as a Craft Leader involves mentoring team members, enhancing their skills in interface design, and fostering a collaborative environment.
- **Enhance Team Efficiency:** Work closely with the design team to refine processes and deliverables, ensuring high standards of design excellence are met consistently.
- **Collaboration Across Divisions:** Act as a key connector across various product divisions, facilitating communication and alignment on design initiatives.
- **Strategic Influence:** Use your strategic insight to influence project outcomes and contribute to the broader company goals.

Qualifications

- **Educational Background:** Bachelor's or Master's degree in Design, Human-Computer Interaction, or a related field.
- **Professional Experience:** At least 5 years of product design experience, with a strong focus on user-centered design.
- **Design Proficiency:** Proficiency in design and prototyping tools such as Sketch, Figma, or Adobe Creative Suite.
- **Research Capability:** Experience in conducting user research and usability testing.
- **Communication Skills:** Excellent communication and collaboration skills.
- **Detail-Oriented:** Strong attention to detail and ability to balance multiple projects at once.
- **Leadership and Mentorship:** Experience mentoring and coaching other designers.
- **Project Leadership:** Experience leading design projects and teams.

Why You'll Love Working Here:

- **Work Flexibility:** "Wherever You Work Well" philosophy to suit your lifestyle.
- **Time Off:** Flexible PTO and Flex Fridays for a better work-life balance.
- **Financial Growth:** Stock options and RRSP matching.
- **Health Benefits:** Custom medical, dental, and vision packages with Health Spending & Lifestyle Accounts.
- **Continuous Learning:** Invest in your growth with our dedicated training budget and company-wide learning initiatives.
- **No-Meeting Wednesdays:** Optimized to maximize time and streamline calendars.
- **Exclusive Discounts:** Discount on Fullscript products for family and friends.

**Our Wherever You Work Well philosophy means Fullscript teammates get to pick their own office — whether that's in-office, at home, or a bit of both ☺☺*
