Job Description

Solink is a different kind of data analytics software company. We've successfully made video security a source of powerful insight for business owners of franchise and retail chains. We focus on security applications that combat fraud proactively and make it easier for owners to track down problems. Today we focus on loss prevention and in the future, we see every department using video to make data-driven decisions: marketing, operations, and even HR.

A job at Solink means working with an amazing team and tackling one of the biggest data problems out there. We are venture-backed and focus on continuous execution to delight our customers. We have a creative and collaborative work environment, and all of our employees have meaningful equity in the company.

A bit about the role...

As a Technical Project Manager at Solink, you will be at the forefront of driving our integration projects from inception to deployment. This role is perfect for someone who thrives in a dynamic environment, enjoys working with cross-functional teams, and has a passion for technology and project management. You will be responsible for managing multiple integration projects, coordinating with various internal teams, and ensuring that each project is completed on time and within scope.

WHO YOU ARE

- You have 4-6 years of experience managing complex IT projects, with a proven track record of delivering successful outcomes.
- You excel at communicating with both internal teams and external partners, ensuring clarity and alignment across all stakeholders.
- You are a resourceful problem solver; finding solutions and navigating challenges, even in ambiguous situations.
- You can juggle multiple projects simultaneously, maintaining attention to detail and accountability for deadlines.
- You're comfortable using tools like Jira, HubSpot, and Excel to manage projects, analyze data, and communicate effectively.
- You value collaboration, thrive in a cross-functional environment, and are not afraid to ask for help when needed.

SECURITY REQUIREMENTS:

- Candidates must undergo a criminal records check upon hire;
- Be a Canadian Citizen (dual citizens included), or eligible to work in Canada;
- Be willing to comply with Solink's own security policies and standards.

WHAT WILL YOU DO?

- Manage all integration projects from inception to deployment, ensuring they are completed on time and meet quality standards.
- Work closely with the CSM, Data, and Product Management teams to organize and execute integration builds.
- Liaise with the Partnership team to establish integration agreements and follow up on outstanding requirements.
- Use Jira to track project progress, HubSpot for client communication, and Excel for data analysis and reporting.
- Develop strategies to identify and minimize blockers and bottlenecks in the integrations processes
- Track and communicate status, blockers and estimated completion dates of each request to relevant stakeholders
- Build and manage relationships between the integrations team and internal and external parties

WHAT IS SOLINK?

Solink is transforming conventional data into 'smart' data. Solink connects and synchronizes brick-and-mortar business systems like video + Point of Sale data, to create insight into loss prevention, security, and operations issues. We find new and powerful ways for businesses to get real value from the data and footage created daily by their standard systems.

We're one of Ottawa's fastest-growing companies. We're not just a tech and security company - we are rapidly evolving the way that we use and think about video security, data analytics, and technology. We're enhancing the status quo to positively impact clients and customers' businesses.

We're on a steep growth trajectory, which means lots to do, lots to learn, and lots to experience! What an exciting adventure ahead - and our Solinkians make the greatest travel companions...

Solink thrives because of our team; we know that in our business and in our daily work, people make all the difference. We're looking for people who are driven by curiosity, hungry to innovate, and striving to make an impact.

WHY WORK AT SOLINK?

Working with us means you'll be working for a company that values your input and allows you to bring your ideas to life. We offer a collaborative, creative, supportive work environment with a culture that is undeniably fun...

All that - PLUS we offer.....

- Flexibility in your chosen hours of work by helping you get "stuff" done (encourages that work-life balance);
- Opportunities for growth based on merit, skill, and initiative;
- Friendly, welcoming, and team-oriented atmosphere that fosters collaboration;
- A creative and innovative environment that mentors, supports, motivates, and inspires you to make an impact;
- Interesting and exciting assignments ranging in size, type, and complexity;
- An "open-door" policy where communication and brainstorming are encouraged;
- A really positive and fun environment working with an incredibly ENERGETIC team;
- Fully paid Health / dental benefits offered immediately (an additional \$500 spending account for items that aren't covered in our AMAZING benefits program);
- Monthly reimbursement toward a health and wellness program;
- Extracurricular SOLINKIAN social events (annual "solink-o de mayo", so-learns, sports teams, so-lunches, team builders, and much more)

• **Please note: We currently operate within a hybrid model.**

Solink welcomes and encourages applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process. Should you need accommodations, please email peopleops@SolinkCorp.com.

We know that everyone has different experiences and that's what makes all of us so unique. Solink is an Equal Opportunity Employer. We're looking at building our team of great people and we know that comes in various forms. We are committed to a diverse and representative workforce, and an open and inclusive work environment and we encourage all candidates with interest to apply. We will provide accommodation on request through all parts of the selection process.

HOW TO APPLY?

Please submit your cover letter and resume addressed to **Hans Solo** outlining why you would be the right fit for this position.
